- **Scaled cloud infrastructure & resold bulk Google mailboxes** | • **Streamlined delivery TAT from 1 week to 6-12 hours via n8n**

PROFESSIONAL EXPERIENCE

Operations & Product Manager / Executive — Boomerang, Jaipur

Sep 2025 – May 2026

- **Business Vertical Ownership:** Built and scaled a new revenue-generating business vertical from scratch, successfully securing USD 20,000 in revenue across 60+ complex projects.
- **Infrastructure & Mailbox Reselling Management:** Architected and operated the core outbound setup infrastructure; managed bulk provisioning, configuration, and reselling pipelines for Google Workspace mailboxes directly to scale client delivery operations.
- **Mid-Way Product Management Shift:** Transitioned to direct product lifecycle ownership mid-tenure; managed cross-functional workflows, scoped functional requirements, and coordinated rollout timelines directly alongside development squads.
- **n8n Automation Infrastructure:** Spearheaded the design and deployment of basic backend automation pipelines using n8n to connect internal APIs, minimizing human intervention and optimizing daily pipeline execution.
- **Process Optimization:** Engineered core delivery systems, successfully shrinking project turnaround times from 1 week to 6–12 hours via technical process restructuring and node-based automation.

Operations Intern — Boomerang, Jaipur

May 2025 – Jul 2025

- **Workflow Automation:** Administered day-to-day operational logic, tracking logs, and internal pipelines using advanced spreadsheet tracking metrics across multiple parallel assignments.
- **Product-Operations Bridging:** Partnered with developer assets during early tool rollouts and functionality feature testing, compiling actionable technical feedback loops to align business priorities with core products.
